Disclaimer: The Medicaid approved HCV practitioners list is **not** all inclusive. The Department makes every effort to provide current, accurate data, however practitioner information may not be represented or can change. If a practitioner is missing from our list they can submit a request to be placed on the list by completing the Medicaid Hepatitis C Practitioner information request form.

¹ - Demonstrated experience is defined as the management AND treatment of at least 10 patients with HCV infection within the past 12 months and at least 10 HCV- related CME credits in the last 12 months.

² - Date is that of which the prescriber will need to renew their attestation for demonstrating experience and will require a renewal annually.

(Date)*- Providers that are currently under review for renewal and are considered “Demonstrated Experience” if listed.
