

340B HCV Program

Hepatitis C Treatment Network

Sheila Reynoso, MPH
Director

Outline

- Background of 340B program
- Background of HCV program
- Implementation of HCV 340B Program
- Recommendations

Background – HCV Program

- CMS Grant – Project INSPIRE
 - **INSPIRE** - Innovate & Network to Stop HCV & Prevent complications via Integrating care, Responding to needs and Engaging patients & providers
 - **Program Period:** September 1st, 2014 – August 31st, 2017 (3 years)
 - **Geographic Reach:** Upper Manhattan and Bronx
 - **Funding Amount:** \$9,948,459 (Montefiore \$3,500,000)

Background – 340B Program

- Created as part the Social Security Act and in 1992 Section 340B was added.
- Purpose is to enables covered entities to stretch scarce Federal resources as far as possible, reaching more eligible patients and providing more comprehensive services.
- Covered Entity is approved by HRSA to purchase medications at highly reduced cost for Outpatient use.
- At Montefiore HCV drugs are purchased at 340B prices and the savings are applied to providing more resources for providing care to our patients.
- Many rules, regulations and requirements
- Hot topic in Congress.
