<b>Hepatitis C Clinical Provider Training</b> (10 sessions, 1 hour each)	<b>Trainer:</b> Empire Liver Foundation (ELF) <b>Audience:</b> Clinical providers <b>Credit:</b> 10 CMEs	<b>Location:</b> Live Webinar <b>Register:</b> Email <a href="mailto:megchappell@empireliverfoundation.org">megchappell@empireliverfoundation.org</a>  <b>Description:</b> Developed by ELF in collaboration with the NYC Health Department, this training series is designed to prepare clinical providers to provide Hepatitis C Care and Treatment. After this training, participants will be eligible for a half-day clinical preceptorship with an ELF liver specialist at a leading NYC liver clinic. Real-world integration: optimizing collaboration with HCV care specialists
<b>Hepatitis C Medication Coverage and Prior Authorization Training</b> (1 hour)	<b>Trainer:</b> Empire Liver Foundation (ELF) <b>Audience:</b> Clinical providers and non-clinical providers	<b>Location:</b> Live Webinar <b>Register:</b> Email <a href="mailto:megchappell@empireliverfoundation.org">megchappell@empireliverfoundation.org</a>  <b>Description:</b> This training covers Hep C medication coverage and prior authorization. Session slides can be found here: <a href="https://hepfree.nyc/successful-prior-authorization-tips-empire-liver-foundation/">https://hepfree.nyc/successful-prior-authorization-tips-empire-liver-foundation/</a>
<b>Preceptorship in Hepatology</b> (3-4 hours)	<b>Trainer:</b> Empire Liver Foundation (ELF) <b>Audience:</b> Clinical Providers	<b>Location:</b> Multiple locations throughout NYC <b>Register:</b> Email <a href="mailto:megchappell@empireliverfoundation.org">megchappell@empireliverfoundation.org</a>  <b>Description:</b> ELF and the NYC Health Department are offering a half-day preceptorship for clinical providers who have previously participated in an ELF Clinical Provider Training Series, and are interested in expanding their knowledge and skills in the diagnosis and treatment of liver diseases, with a specific focus on viral hepatitis B and C. Participants will be assigned to local private practices, health centers and/or medical facilities closest to where they are currently practicing. Participants will observe a senior hepatologist caring for patients with liver diseases during the 3-4 hours of this single half-day preceptorship. The sessions will cover topics including: <ul style="list-style-type: none"> <li>• liver directed history taking</li> <li>• physical examination</li> <li>• test ordering and interpretation</li> <li>• treatment</li> </ul> Participants will have opportunities to discuss each case with the preceptor immediately following the patient session and at the end of the half-day preceptorship. Participants will have the opportunity to continue the mentor/mentee relationship initiated from this preceptorship.
