

HOUSING WORKS COMMUNITY HEALTHCARE

HARM REDUCTION PEER ACADEMY

The goal of the Peer Academy is to provide an opportunity to experience working in a professional capacity. While it provides support to the various Housing Works departments throughout the Housing Works Community, the focus is on learning about harm reduction.

Classes are three days a week for six weeks, in addition to a resume workshop after completion. The curriculum is divided into three modules: Substance Use, Sexual Health, and Professional Development.

A pre-test is given to assess participants' baseline understanding of the course material, and participants are evaluated based on participation, attendance, and a final exam.
